102 WARRANTY

We live for our
family time on
the water.

WE LIVE FOR OUR FAMILY TIME ON THE WATER

As a pontoon manufacturer three generations deep, we know this to be true: Whether you're talking pontoons or people, it's all connected. Hundreds of details firing, spinning, cresting and planing as designed. Everyone and their uncle splashing, cheering, casting, toasting, and just being themselves more times than you can count. Seeing the bigger picture in the smallest of moments, then seeing to it that the moment carries on for generations to come—this is the secret to a pontoon well-built and a life well-lived.

Make it last.

SANPAN

THE ULTIMATE IN PONTOON LUXURY

The Definition of Leisure.

THE DEFINITION OF LEISURE

We don't believe in simply setting the standard for style, quality, comfort and performance; we're constantly looking for ways to exceed our own boundaries and redefine the category. We believe in craftsmanship and a level of meticulous attention to detail where every weld, every fastener and every stitch matters. Our Godfrey Sanpan series is built with an intuitive design and uncompromising quality that exceeds expectations.

Make It Last.

FAST AT ANY SPEED

*Escape and
adventure.*

ESCAPE & ADVENTURE

Always ready for action, the Godfrey XP's

sport-infused design touts a streamlined architecture that boasts unmatched power.

We've rethought what a pontoon can be with bow located, forward facing, lounge style seats; and twin, rear-facing stern mounted bucket seats.

Plush and contoured, they're perfect for cruising, relaxing or soaking up the sun with friends. With

a reverse arch design and robust tube-frame construction, you and your friends will be sure to enjoy every day on the water.

Make it last.
